Crew Van

the solution for work and leisure

By fitting a second seat row with an integrated partition wall it is possible to convert your Crafter panel van into a Crew Van at all times. The perfect solution for the combined transport of people and material.

100% New, 100% Crafter.

Obviously the Crew Van applies to the European safety standard. All seats are provided with 3-point inertia-reel safety belts and tiltable and in height adjustable head restraints.

The partition wall is designed to meet the ISO 27956:2009 standards for load shifting protection.

Also the design plays an important role when developing a Crew Cab. The finely designed partition wall separates the load and passenger compartment completely.

Comfort

Crew Van

With the Comfort Crew Van, safety and functionality come first. Your Crafter Crew Van can accommodate up to seven people while still providing a cargo area in which you easily transport all the necessary materials and tools needed for a seven crew project.

100% Versatile, 100% Comfortable.

// Luxury benchcover with storage pocket

// Maximum load capacity with load space under the seats

// Comfortable 3-seater bench (armrest optional) or 4-seater bench

// Easy to clean step-in cover

// Headlining covered with fabric
